Luz,

I made some changes to the first paragraph that I don't see reflected in the translation. Specifically, I said, "a group of people who identified themselves as LAUSD parents…"

Can you double check the second version of the letter and compare it to your translation to make sure it's the same?

(Also, tal vez is two words.)

Thank you!

Jim

Corri,

Thanks for your feedback. I’ve made some changes to the attached. If there are no more changes, Luz please translate the letter.

It’s for distribution tomorrow. We’ll also pull from this letter content for a robocall.

Thanks,

Jim

This is good, Jim. I don't think it needs to be wordy or lengthy or overly detailed in a letter like this. The only concern I have is conveying to parents that another group of parents organized against Extera when in reality it was just as much UTLA if not more so than a group of parents. It may not help to calm things to call UTLA out, but I think it is also a little confusing to say it was a group of parents and community members.

I don't know how you feel about this but I think we should add a sentence at the end about needing parents who are willing to speak on behalf of Extera in the future to contact the home office or contact Mary. She has her core group of Parents in Action but we will most definitely need to expand that group particularly if we aim to have parents attend future Extera board meetings we want to make sure parents understand how to participate in a board meeting.
